Association

Celebrating climate and social action in Mayfair & Belgravia

At Grosvenor we're working hard to reach zero carbon, zero waste and improve biodiversity in our places. But we know we can't do this alone – the role our occupiers and partners play is vital to achieve climate and social action.

To celebrate and thank you for the amazing work you're doing to drive the transition to a more sustainable future we've launched the Grosvenor Sustainability Award.

Click [here](#) to enter today!

Have you altered your supply chain, supported your community, innovated to improve recycling, removed plastic from your business or changed your activities to contribute to a more sustainable future?

If you are one of our leaseholders, winning some amazing prizes in the inaugural Grosvenor Sustainability Award couldn't be easier.

Share your stories of climate and social action – large or small – via video or text. Let us know what you are doing to pave the way for a more sustainable future and make sure your achievements are recognised and placed in front of business and sustainability influencers such as the *Evening Standard* and Sustainable Restaurant Association.

Entry deadline 10 September 2021

Winners announced in September

The prizes

First Prize:

- 1 year's supply of green energy¹
